Serving the Commercial, Military  
& Aerospace Industries

## OVERVIEW

Astro Space (also d.b.a., Write Source) has been servicing the chemical, financial, pharmaceutical, commercial, military, and aerospace industries since 1988.

Our staff of seasoned engineers, managers, writers, and support personnel provide services to support the full project lifecycle, from design and analysis through implementation.

Call us to discuss your needs or forward your requirements to us for prompt consideration.

## MANAGEMENT

- Project Management
- Change Management
- Needs Analysis
- Strategic Planning/Budgeting
- Metrics/Reporting
- Best Practices & Standards

## SERVICES

### ENGINEERING

#### Aerospace, Military and Commercial

- Power Supply Design (Linear, Switched Mode, Resonant)
- Analog & Mixed Signal Design
- Worst-Case Analysis (MathCAD, Spice)
- Magnetics Design
- Failure Mode Analyses, MTBF (MIL 217)
- Circuit Modeling (Saber & Spice)
- Independent Design Reviews
- Design Trade-off Studies
- Power System Budget Analysis (Saber)
- Technical Review of Licensing and Patents
- Due Diligence for Venture Capitalists & Investment Groups
- Special Test Equipment Design and Development
- Specifications Development for Power Supplies & Analog Circuits
- Technical Staffing (Full & Part-Time)
- Microcontroller Applications (Microchip, Intel, & Motorola)
- Printed Circuit Design (Altium Designer)

## COMMUNICATIONS

- Social Media Communications
- Executive Communications
- Change Management Communications
- Corporate Branding
- Presentations (Marketing/Sales)
- White Papers
- Proposals/RFPs/RFOs
- Content Management

## TRAINING

- eLearning
- User Guides/Manuals
- Job Aids
- Simulations
- Leadership Development
